Part No. HGWIP815

Simple. Smart. Secure.

With a Full HD 1080p resolution & 26ft/8m night vision, the Homeguard WiFi Camera creates crisp and clear images at day & night. 145° ultra wide angle provides you a better visual effect with more complete image information. Sending real-time alerts to your device when it detects key events to ensure you can stay connected to your home at all time, so you can watch your pets & children via your smartphone, tablet & computer when you're away. Plus with two-way talk, you can directly listen in and respond to your family & pets to check their safety. Whether you're home or away, the Homeguard 1080p WiFi Plug & Play Camera let you know what's happening at home anywhere anytime.
